- **Annual Energy Cost Savings:** without PV $750
- **Annual Energy Savings:** without PV 20 kWh
- **Savings in the First 30 Years:** without PV $31,400

TESTIMONIAL

My last home had an electric bill budget of $350 per month. The current bill for this home is around $200 per month! I am writing on not only the quality of Insight Homes, but also the energy efficiency, which is far above other builders' homes I have sold in the past 30 years.
- Homeowner

KEY FEATURES

- Photovoltaics
- Raised-heel trusses
- Sensor controls for better indoor air quality
- Central Manifold Plumbing Design
