- **Climate:** 2021 IECC Mixed Humid
- **Category:** Custom

Modeled Performance Data

- **ERI:** with PV 43

TESTIMONIAL

Now that we've gone through every season throughout the year ... we've had no problem maintaining temperature on both very cold days and very warm days. It's extremely comfortable in every room. ... I definitely would suggest a Zero Energy Ready Home to anyone who's interested because it's truly been a benefit to us on every level. It's not going to cost you any more; it's actually going to cost you less.

- Homeowner
