PROJECT DATA

- **Layout:** 3 bed, 2.5 bath, 2 fl, 2572 ft^2
- **Climate:** 2021 IECC Mixed Humid
- **Category:** Custom

Modeled Performance Data

- **ERI:** with PV 33

TESTIMONIAL

We're appreciating the comfortable, steady temperatures in the house, day and night. No drafts, no sudden changes. The prompt hot water delivery is quite a treat. We rarely hear outside noises. Our air exchanger appears to trap any fine dust and we don't have to breathe it – so we've been quite healthy since we moved in at the beginning of last July. Our electric bills have been remarkably low – and that's been a welcome change.
- Homeowners Bob and Jean

KEY FEATURES

- All-electric home
- Energy / Heat recovery ventilator
- Heat pump water heater
- High-efficiency variable-speed heat pump
- High-performance wall with continuous insulation
- Triple-pane windows
- ACH 50 < 2.5 or CFM50/SF of enclosure ? 0.25
- Central Manifold Plumbing Design
