- **Climate:** 2021 IECC Cold Humid
- **Category:** Custom

Modeled Performance Data

- **ERI:** with PV -2

TESTIMONIAL

The house has been incredibly comfortable. The day and night temperatures are practically the same. For the last four months, we have generated more electricity than we have used. At its peak recently, we have generated over 50 kWh per day and we are only using about 10 kWh.
- Homeowner

KEY FEATURES

- All-electric home
- Cold-climate heat pump
- Energy / Heat recovery ventilator
- Heat pump water heater
- Photovoltaics
