- **ERI:** with PV 8

TESTIMONIAL

I thought I knew what was important when it came to energy efficiency, but Thrive Home Builders went way beyond my expectations. The real test came when I moved in, got my utility bill, and all I can say is wow! The solar panels produce more energy than I am using, three months in a row so far!

- Homeowner

KEY FEATURES

- Cold-climate heat pump
- Photovoltaics
- Double Walls
