- Energy / Heat recovery ventilator
- Photovoltaics
- Battery storage
- Raised-heel trusses
- Unvented insulated attic
- ACH 50 < 2.5 or CFM50/SF of enclosure ? 0.25

TESTIMONIAL

Before we purchased our home, we were renting a 990-square-foot apartment in central Phoenix, and the fact that our summer bills were always around $100 in that square footage versus our summer bill now over the first summer month is about the same with double the square footage is amazing. We can see now comparing our home to where we were before, it's a big change. - Homeowners
