PROJECT DATA

Layout: 3 bed, 2.0 bath, 1 fl, 1882 ft²
Climate: 2021 IECC Cold Humid

• Category: Custom

Modeled Performance Data

• **ERI**: with PV 22

TESTIMONIAL

I saw one of our homebuyers today. He is super happy. They can count on their bills being lower. A lot of people my age are willing to make an upfront investment to have lower bills over the long haul. People will pay \$8,000 for stone countertops and there's no payback. People see the payback on this and they are willing to pay it.

- Ray Pruban, manager, Amaris Homes

KEY FEATURES

- All-electric home
- Cold-climate heat pump
- Energy / Heat recovery ventilator
- High-efficiency variable-speed heat pump
- High-performance wall with continuous insulation
- Photovoltaics
