- **Layout:** 7 bed, 4.5 bath, 1 fl, 4566 ft^2
- **Climate:** 2021 IECC Cold Humid
- **Category:** Custom

Modeled Performance Data

- **ERI:** with PV 35

TESTIMONIAL

We have fallen in love with our new, very comfortable home. After living in a 100+ year old farmhouse, we have enjoyed living in a home where our heating bill is not killing our budget every month. We have enjoyed the quietness of our home during thunderstorms while our kids sleep through the thunder that used to wake them up.
- Homeowner
