Mobile Bay Inspiration Home | Fairhope, AL

PROJECT DATA

- **Layout:** 4 bed, 5.5 bath, 2 fl, 5750 ft^2
- **Climate:** 2021 IECC Hot Humid
- **Category:** Custom

Modeled Performance Data

- **ERI:** with PV 20

TESTIMONIAL

When we explain that our solar array is our backup generator, they get really excited. People here understand the need for backup power, and that feels like a more pressing need sometimes than energy savings. It's also very rewarding to get energy bills that are less than the bills from our previous house, even though this home is more than twice the size of our previous home!
- Homeowners

KEY FEATURES

- Energy / Heat recovery ventilator
- High-performance wall with continuous insulation
- Photovoltaics
- Unvented insulated attic
- ACH 50 < 2.5 or CFM50/SF of enclosure ? 0.25
- Central Manifold Plumbing Design
