- **Climate:** 2021 IECC Hot Humid
- **Category:** Affordable

Modeled Performance Data

- **ERI:** with PV 48

TESTIMONIAL

In past homes I have had higher electric bills and … less comfort. I am more than pleased with the monthly utilities – having seen bills as high as $400 a month in other homes. There is not a single thing I dislike about this home, and we love the quality of the construction.
- Homeowner

KEY FEATURES

- All-electric home
- Energy / Heat recovery ventilator
- Heat pump water heater
- High-performance wall with continuous insulation
- Raised-heel trusses
- Hot Water Recirculation Pump
