North Star Plan | Fort Collins, CO

PROJECT DATA

- **Layout:** 3 bed, 2.5 bath, 2 fl, 1770 ft^2
- **Climate:** 2021 IECC Cold Dry
- **Category:** Production

Modeled Performance Data

- **ERI:** with PV -9

TESTIMONIAL

I'm really pleased by the renewable energy and the performance of this home. My energy bills including transportation [for an electric car] were … $5 [in winter] and now have gone negative in the spring and will continue to earn money in the summer. I won't have to worry about increasing energy bills in the future because I am more in control of both my energy use and production.
- Homeowner

KEY FEATURES

- All-electric home
- Cold-climate heat pump
- Energy / Heat recovery ventilator
- Electric Vehicle Charger Installed or Wired for Charger
- Ground source heat pump
- Photovoltaics
- Unvented insulated attic
- ACH 50 < 2.5 or CFM50/SF of enclosure ? 0.25
