- **Layout:** 3 bed, 1.0 bath, 1 fl, 1436 ft^2
- **Climate:** 2021 IECC Mixed Humid
- **Category:** Affordable

Modeled Performance Data

- **ERI:** with PV 4

TESTIMONIAL

We've made a 100% commitment to build to the DOE ZERH program moving forward with new and retrofit homes. When people talk Passive House, I say why go there when you could do this instead? Same with LEED. To me it's a no-brainer. It's got everything I've been looking for.
- Rick Wertheim, program manager, United Way of Long Island Housing Development Corp.

KEY FEATURES

- Energy / Heat recovery ventilator
- High-performance wall with continuous insulation
- Photovoltaics
- Unvented insulated attic
- ACH 50 < 2.5 or CFM50/SF of enclosure ? 0.25
