- Electric Vehicle Charger Installed or Wired for Charger
- Heat pump water heater
- High-performance wall with continuous insulation
- Triple-pane windows
- ACH 50 < 2.5 or CFM50/SF of enclosure ? 0.25

TESTIMONIAL

In our prior homes, I remember fighting over the thermostat. In this home, we're able to stay at this consistent temperature and everyone feels more comfortable. I work from home so I'm here all day every day. The indoor air quality is great and there is much less dust. We've been here over a year and I haven't been sick or had any allergy issues.
