- **Climate:** 2021 IECC Mixed Humid
- **Category:** Custom

**Modeled Performance Data**

- **ERI:** with PV 41

## TESTIMONIAL

Without a map (checklist), we might easily get lost wandering aimlessly in the forest of 'better building.' This program … points you in the right direction and gives you a comprehensive plan for a great home. When I walk away from a ZERH … I know that I have left my clients with a more durable, efficient, comfortable, and healthy home than most anyone has around.
- Shawn Jessup, builder, SD Jessup Construction Inc.
