School Street Homes | Libertyville, IL

PROJECT DATA

- **Layout:** 3 bed, 3.5 bath, 2 fl, 2763 ft^2
- **Climate:** 2021 IECC Cold Humid
- **Category:** Custom

Modeled Performance Data

- **ERI:** with PV 45

TESTIMONIAL

We planned this house to be our retirement home, so we were looking for low ongoing costs of operation and maintenance. Everything that goes into being a DOE Zero Energy Ready Home lines up with our goals and ideals. The house is designed to be smart, not just automated. It makes decisions on when to lower blinds based on light and temperature. Lights turn on intelligently based on who enters the home. We have a real-time electrical energy monitor.
- StreetScape Homeowner

KEY FEATURES

- Energy / Heat recovery ventilator
- Unvented insulated attic
- ACH 50 < 2.5 or CFM50/SF of enclosure ? 0.25
