Shenandoah Circle | Durango, CO

PROJECT DATA

- **Layout:** 4 bed, 4.0 bath, 2 fl, 3841 ft^2
- **Climate:** 2021 IECC Cold Dry
- **Category:** Custom

Modeled Performance Data

- **ERI:** with PV 21

TESTIMONIAL

We wanted to have a very well-built, energy-efficient home for our new residence in the mountains of Durango, Colorado. Our electric bills have been zero (we actually have a net credit due to our photovoltaic system). The cost of propane to heat the house … has only been about $350 from July through May! Pretty remarkable for a 3,800-square-foot home in this climate!
- Homeowner

KEY FEATURES

- Energy / Heat recovery ventilator
- Electric Vehicle Charger Installed or Wired for Charger
