- **Climate:** 2021 IECC Cold Dry
- **Category:** Multifamily

Modeled Performance Data

- **ERI:** with PV 5

TESTIMONIAL

We take pride in owning a house that allows us to not only live a more sustainable life, but also allows us to save a significant amount of money on our utility bills. The utilities in homes we lived in before ranged from $150-300 a month. At our townhome last month, our utility bills were $11.
- Homeowner

KEY FEATURES
