- **Annual Energy Costs:** without PV $1,020
- **Annual Energy Cost Savings:** without PV $700
- **Savings in the First 30 Years:** without PV $30,500

TESTIMONIAL

We fell in love with River Forest because it's so beautiful. But we wanted a home that would be smart and be energy efficient and blend in with the beautiful neighborhood. We wanted to take energy efficiency to the next level, and not only have a smart home, but also have a home that would be healthy, safe, and nontoxic for our children.
- Homeowner
