

K. Hovnanian Homes

The Cove at Asbury Park | Ashbury Park, NJ

PROJECT DATA

- **Layout:** 3 bed, 3.5 bath, 4 fl, 2185 ft²
- **Climate:** 2021 IECC Mixed Humid
- **Category:** Production

Modeled Performance Data

- **ERI:** with PV 48

KEY FEATURES

- Compact (core) plumbing design
- Unvented insulated attic

CONTACT

(732) 623-6891

TESTIMONIAL

We used to own a fairly new house in South Orange, NJ. We definitely pay less than what we paid 'up there' for a similar size home. We own an electric car and we like the fact that we have an electric charging (station) in the garage. We also like that there are two thermostats, one for each level, so we can cool off or heat up floors independently.
