- Photovoltaics
- ACH 50 < 2.5 or CFM50/SF of enclosure ? 0.25

TESTIMONIAL

We have lived here for almost a year now, and it's been the most comfortable home I've ever lived in. The geothermal HVAC is very effective and almost completely silent, the electric bill is unbelievably low, and there is not a draft to be felt on even the windiest Pennsylvania days. We are happy clients, living in our ‘Happily Ever After Home.’
