## TESTIMONIAL

The thing that amazes me the most about this house is the fact that we have so much more space, but we pay a fraction of the cost in utilities. Before we moved, we were living in an 800-square-foot residence and often paying over \$200-\$225 for utilities. Here, we have more space (over 1,300 square feet), but our utility bill is less than \$100.
