- **Climate:** 2021 IECC Cold Humid
- **Category:** Custom

Modeled Performance Data

- **ERI:** with PV 3

TESTIMONIAL

The most striking things about this house are the lack of interior drafts, the consistent building-wide temperature, the clean feeling of the air circulation, and the quiet inside. Sleep is better and down time is more restful. The house is an oasis from air and noise pollution and a shield from sun glare. And, most importantly, it consumes no net energy.
- Homeowner

KEY FEATURES

- All-electric home
- Cold-climate heat pump
- Energy / Heat recovery ventilator
- Heat pump water heater
- Photovoltaics
- Triple-pane windows
- Unvented insulated attic
- ACH 50 < 2.5 or CFM50/SF of enclosure ? 0.25
