- **Climate:** 2021 IECC Cold Humid
- **Category:** Custom

Modeled Performance Data

- **ERI:** with PV -8

TESTIMONIAL

As we see it, there is no Planet B. It is incumbent upon us, as building professionals, to do as much as we can to advance the adoption of high-performance design and building ... Our biggest reward is when I build a zero energy passive house and the homeowner is so happy, healthy, and not burning carbon onsite -- and often giving back energy -- win, win, win!
- Bill Freeman, builder, Celebration WayStone Homes
