Modeled Performance Data

• ERI: with PV 59

TESTIMONIAL

It's amazing. I've seen it from day 1. I couldn't even imagine what they were going to do to this home. When I got into it, it blew me away. I still cry for joy. It's like a dream come true. I can't wait to see the energy I'm going to save on this home knowing the way it's been redone.

- Homeowner Bonnie

KEY FEATURES

- All-electric home
- Energy / Heat recovery ventilator
