- **Layout:** 5 bed, 5.0 bath, 2 fl, 3756 ft²
- **Climate:** 2021 IECC Hot Humid
- **Category:** Custom

Modeled Performance Data

- **ERI:** with PV 12

TESTIMONIAL

We love our new energy-efficient home knowing that our initial investment will pay for itself over the next 10 years. It's a pleasure opening our electrical bill to see the lowest amounts we have ever paid. Our HVAC system is very quiet and the LEDs are cool to the touch. What is not to love in our new energy-efficient home!

- Homeowner

KEY FEATURES

- All-electric home
- High-efficiency variable-speed heat pump
- Photovoltaics
- Battery storage
- Structural insulated panel (SIP) walls or walls and roof
