- **Climate:** 2021 IECC Cold Dry
- **Category:** Production

Modeled Performance Data

- **ERI:** with PV 9

TESTIMONIAL

We're also excited to have the peace of mind that comes with knowing that our new home was designed with indoor air quality in mind and zero burning of fossil fuels in our home. We also love the super-insulated, extra-thick walls, not just for the comfort and efficiency they provide, but for the quiet, peaceful environment they create within our home.

- Homeowners
